Full Stack Developer

kings worldwide distribution - Nabeul - 2024

Missions and tasks carried out at KWD from February 2024 to June 2024

- Developed "packedin.tn" a fully functional e-commerce website using Next.js to replace the company's existing basic WordPress solution.
- Collaborated with the team using Scrum methodology to ensure timely and efficient project delivery.
- Designed and implemented a user-friendly and responsive interface.
- Successfully deployed the application to a production environment.

PERSONAL PROJECTS

ShareAI Prompts Platform

- Built with Next.js & NextAuth for secure authentication.

Arabic Quiz App (Google Play)

- Developed a successful Arabic quiz app using Unity for Android, amassing 400k+ downloads. The app offers language proficiency, vocabulary, and cultural quizzes, highlighting my Unity game development expertise.
